59. FRED SWARTZ, Colton	300

Ramona Carter, as she takes her subscription.

subscriber, who is not quite as long as his name, and the splendid addition of his points which he gathered up yesterday. He is a record breaker.

Eva Mathews is doing good work these days, and she has a helper in Grace Tyler. The two girls have discovered every day to help out the young artist's score.

The heroine of yesterday was again the Monterey maid, Miss Mary Pearl Potter, who doubled her score, with a few points left over for good measure. This is a great record for a girl who has been in only two days. The people of Duarte had done a great deal to help Estelle Wilson, and were sorry to see her give up the good work after so much encouragement but they have generously agreed to turn to and support the present representative from the foothills. They will certainly have nothing to regret in pushing this energetic purposeful maiden.

Miss Simmons, the rosy-cheeked young English girl, made a fine dash yesterday, and gained nearly 2000. Good for you, May! The Arizona girl, Edith Wakenfield, also added to her score, and the scholarship manager is expecting great accomplishment from the territory of splendid skies and gorgeous coloring, of magnificent distances and big-hearted people.

"I have just received my diploma in book-keeping at the Southern California Business College," said pretty Mabel Gordon, one of last year's contestants, who paid a visit to headquarters yesterday. Mabel won a year's course at this college, and is much delighted that her last summer's work has brought her such a rich reward. She took her diploma to be framed yesterday afternoon, and then came to call on the scholarship manager. Like the other contestants of previous years, Mabel is interested in the fortunes of her successors, and is working hard for Myrtle Hall. The two girls have discovered some rich prospects for the future.

"I think my experience in canvassing for subscriptions last summer is almost as valuable as the training at the business college," said Miss Mabel to several of the present little workers who are always eager to talk to those who have gone through a contest.

When Margaret Chung and Grace Tyler recover from their temporary illnesses, probably it will be very hard to jump any one in this neighborhood. Ellen thought it was hard enough any day.

That bright little Lizzie Shapiro, "the girl with the smile," also goes up one place this morning, and jumps her place. Ramona Carter, Ramona's sweet face looks out of the paper today. She is one of the tiny people who have been doing such splendid work. Last year Ramona carried on her sister's canvass, and won a scholarship for her in the Dobinson School of Expression; but Ramona herself is old enough to enter this year and is working on her own account. Her khaki uniform is marked "Times Contestant," and the book she carries in it contains many subscriptions to swell the little girl's score.

Glady Hill of Santa Barbara is coming up still, and is twelve instead of thirteen today. The Soldier's Home girl joins the high sixteen this morning by the grace of a thousand points given her almost entirely by the "Boys in Blue" at the home. Hazel Pryor, the High School girl, whom every one knows so much, has turned down Murray Royer by an increase of 2000 points, and Florence Jarmen, the Highland girl, also added up her score by 2000. Gertrude Flick joined the 2000 club yesterday, and so did Glenn Anderson, that fine Pasadena fellow, who is similar at Throop.

The other Pasadena lad, Leon Riesenweiger, is coming up still, and is twelve instead of thirteen today. The Soldier's Home girl joins the high sixteen this morning by the grace of a thousand points given her almost entirely by the "Boys in Blue" at the home. Hazel Pryor, the High School girl, whom every one knows so much, has turned down Murray Royer by an increase of 2000 points, and Florence Jarmen, the Highland girl, also added up her score by 2000. Gertrude Flick joined the 2000 club yesterday, and so did Glenn Anderson, that fine Pasadena fellow, who is similar at Throop.

The first prize to be awarded to the winner of the contest is in addition to a choice of scholarships is a splendid Fairbanks scale, valued at \$25.00. It is a beautiful instrument of superior construction, handled by an old reliable company, and is a special feature, and is doubly guaranteed. It is known among musicians for its exquisite tonal qualities, and responds to every scale. It may be of its own accord, or it may be of its own accord.

OUR STORE OPEN SATURDAY UNTIL 10 P. M.

Men's Suit Special

Values to \$25.00. To clean out a few lots of odd summer suits at this remarkably low price and make room for our new goods, including all the best makes. **Hart, Schaffner & Marx, Attelbury, Washington** and other makes. We have a few lots, values to \$40.00. **Special \$24.00.**

THE QUALITY STORE

Millions of dollars are expended yearly in the advertising of baking powders. However it doesn't necessarily follow that the most widely advertised powder produces the best baking results.

Science and money never produced a better leavening medium than Newmark's Pure Baking Powder.

No time or expense has been spared to make it the purest and most efficient cream of tartar baking powder on the market.

Daily practical tests in thousands of homes prove the above statements.

QUICK CHECK TO SMUGGLING.

SIX CHINESE TO GO BACK AND MEXICAN GUIDES HELD.

Caught After They Came Across the International Boundary Line in Imperial Valley, and No Time Lost in Settling Their Fate—Other Mongolians Still to Be Heard.

Three Mexicans, accused of smuggling Chinese into the United States, were held to await the action of the Federal grand jury and the six Mongolians found in their company were ordered deported, yesterday by United States Commissioner Williams. The hearing, which lasted all the afternoon, was one of the most expeditious in the Federal Court and the commissioner rendered his decision with promptness.

RAPID.

ringleaders of the organized band of smugglers will shortly be secured and that a wholesome respect for Uncle Sam's officers will prevail along the border for some time, at least.

Francisco Chavez, Ignacio Barrios and Salvador Arantes, the Mexicans who are accused of violating the Federal exclusive act, were represented by counsel at the hearing, but the Chinese men apparently had no friends in the court. They presented a pathetic appearance and showed their absolute ignorance of American ways. Only one of them, who had worked in the Imperial Valley looking for a location for a laundry, he said a pocket-book containing more than \$250 dropped from his coat and because of his poverty he was hiding in the brush in company with the foot-sore Chinese men from Mexico. Even the interpreter smiled as he translated the defense put up by Wong King.

tree stump.

I raised my Winchester, prepared to shoot at the dim outline of a man's head, when the smoke from his gun first showed itself. "But I soon discovered that it was a Chinaman. I walked quickly toward and rounded up the six men. They were without their shoes and lolled about in the shade of a mesquite tree. One of the fellows was surly and intractable until I gave him a smart blow with the butt of my rifle. He behaved himself after that." In recounting his experience with the Mexicans, Conklin said he caught them unaware as they were sitting on the ground. He "got the drop" on them and disarmed them one by one. "They would have shot me if one of them could have got the opening," said Conklin, "but I watched them closely until I got them to the hotel."

Schools and Colleges
Full particulars, together with catalogue, directory, and other information, in these columns may be had by calling or writing THE TIMES FREE INFORMATION BUREAU.

Mills College FOR WOMEN
Only woman's college on Pacific Coast. Offers woman's education in best of institutions. Full collegiate course, degrees conferred. THE CITY IN BRIEF

Button, button, who hasn't got a button?

NEWS AND BUSINESS.

Los Angeles Times.

George W. Dryden, who was injured Wednesday when a vicious horse attacked him, is much improved. Physicians who are attending him at the California Hospital say he is expected to be out of the hospital as soon as he is able to walk.

"Jolly Smoker" Tonight.

A "jolly smoker" will be held at the Scottish Rite Cathedral this evening at 8 o'clock for members only. A unique program has been prepared. Songs, stories, music, refreshments, and a "bunch of fun" are expected to make the evening eventful.

Thrown from Wagon.

Moses Wexler, aged 68 years, was seriously injured in a runaway accident on Central avenue last night.

Wexler was riding in a delivery wagon, and when the horse ran away he was thrown forcibly against the curb. He has lacerations on the scalp, and his body is severely bruised. He is at the Emergency Hospital.

Painted Woman's Dress.

When a can of paint was knocked from a scaffold in front of a store at No. 214 South Broadway yesterday afternoon, it was scattered over the white dress of a woman passing along the sidewalk. The garment was spoiled. The painter descended, politely offered his card, and promised to buy a new dress. The woman and her husband hurried home.

Miss Pahl Dies in Mexico.

Word has been received from the City of Mexico, announcing the death there of Miss Martha Pahl, formerly of Los Angeles.

Miss Pahl was a graduate of the Good Samaritan Hospital training school for nurses and received her diploma in 1922. She had been in Mexico for about a year and a half. She was a daughter of Mrs. Emily Pahl of this city and had a large circle of friends in Southern California.

Indian-Liquor Prosecutions.

William E. Johnson of Salt Lake City, chief special government agent in charge of prosecutions for selling liquor to Indians on the reservation, is in the city on business.

In company with Miss Clara True, superintendent of several reservations located near Banning, he is visiting the local Land Office to view the boundary maps of the reservations. He is much pleased at the fine work of the true, who was instrumental in arresting a number of "boot-leggers" who were selling liquor to the Indians. The law-enforcement will be prosecuted in the local United States District Court.

Grapes—Heavy Clusters.

Bunches of grapes weighing from three to five pounds each from the ranch of J. E. Therman, were received at the Chamber of Commerce yesterday. The grapes are of the Malaga variety and set so close together that at a short distance the bunches appear as one solid mass. The luscious grapes were raised from two-year-old vines, and for size and weight surpass any recently received at the chamber.

Gordon says he is the first shipper of grapes from the vicinity of Therman. He estimates the yield will average 300 pounds to the acre, and he expects to net 5 cents a pound, as the crop is at least a month earlier than the other grape sections of the State.

PERSONAL.

W. H. Buck, a banker of El Centro, is a guest at the Hollenbeck.

E. A. Hillman, a mine operator of Handberg, this State, with his wife, is sojourning at the Westminister.

W. Elger, a Salt Lake City broker, with his wife and son, is staying at the Westminister.

Dr. A. G. Shores has returned to the city after passing three months in the East.

J. A. Williams, a mining man from Goldfield, is registered at the Hollenbeck.

W. J. Hindson, a Philadelphia capitalist, is staying at the Westminister while on a visit to friends in this city.

H. Ines, a London tourist, is registered at the Hollenbeck while viewing local sights.

M. R. Emmons, a retired capitalist of Atlanta, is spending a few days at the Angeleno.

T. F. Bonanza, a mine operator of Rhynolds, Nev., is a guest at the Alexandria while here on business.

Robert Linton, a New York City broker, with his wife, is spending a few days at the Angeleno.

G. H. Leland, a mine operator of Searchlight, Nev., and his wife, are guests at the Hollenbeck.

R. C. Thayer, a Goldfield attorney, is registered at the Alexandria while here on business.

F. L. Thompson, a mining engineer from Elmore, Me., is registered at the Hayward.

Hon. W. H. Taylor, ex-Mayor of King City, Mo., is spending a few days at the Natchez while visiting friends in this city.

C. Hitchcock, president of the Hitchcock Military Academy at San Rafael, is a guest at the Larchmont while visiting in Southern California.

William Day and Frank F. Smith, London globe trotters, who have been touring the United States, arrived yesterday at the Van Nuys.

P. C. Harvey, an engineer in the government service, who has been engaged in the building of the Yuma dam, is staying at the Hollenbeck.

George Lenoir, a manufacturer of jewelry in Geneva, Switzerland, is a guest at the Angeleno while on his first visit to America.

Walter K. McAdory, a large tobacco grower of Birmingham, Ala., accompanied by his wife, is registered at the Hayward while here on a pleasure trip.

Alexander Karberg, a merchant of Livingston, Iowa, is staying at the Hayward while here on a pleasure trip.

Howard W. Frockminton, one of the most widely-known clubmen in the country, whose home is in New York City, arrived yesterday at the Angeleno.

from Rawhide, Nev., where he is interested in mining properties. He spent the winter at Coronado and will remain here for several weeks before going East.

D. J. Reed, a Honolulu planter, and his wife, are sojourning at the Hayward for a few days previous to leaving for the East.

A. J. Pickers, one of the extensive land owners of Coronado, accompanied by his wife, is staying at the Hollenbeck while visiting friends in the city.

H. Schure, a manufacturer of Dresden, Germany, is registered at the Hollenbeck. He has just been to the Grand Canyon, and is now enjoying the scenery of this section of the world.

Mr. and Mrs. E. H. Dorsey of Lima, O., arrived here on Tuesday and expect to make this city their home. They are located at No. 1143 West Twenty-fifth street.

E. C. Hewlett, well known San Francisco attorney, accompanied by his wife, is staying at the Alexandria while here on a trip. He is combining business and pleasure.

Forest Price, a newspaper man of Pittsburgh, is attending the Chautauquin at Venice, the guest of his niece, Miss Blanche Brockbank, the official accompanist of the course.

Capt. H. C. Nelson of the steamship Kama Smith, is a guest at the Hollenbeck. The vessel has just completed a voyage around the Horn, and will hereafter be used in Pacific waters exclusively.

F. G. Waterhouse of Tonopah, Nev., is staying at the Alexandria. He is manager of the Southern Nevada Consolidated Telephone and Telegraph Company, and is here on business for the company.

Mr. and Mrs. E. M. Statler of Buffalo, N. Y., are guests at the Alexandria. Mr. Statler is owner of the Statler Hotel in Buffalo, and was proprietor of the inside inn at the St. Louis Exposition.

Rev. J. J. Rudder, pastor of one of the Catholic churches of Scranton, Pa., and A. J. Linnet, owner of the Scranton Times, are registered at the Hayward. They have been making their initial tour of the West, and are great admirers of Southern California. They will pass several weeks here.

Stop at United States Hotel. Remodeled and newly-furnished. Finest rooms at most reasonable prices. Try new Italian restaurant; excellent service in hotel building.

Spiegel-Stout, Broadway Christian Church tent revival tonight. All members and friends invited. First and Second streets.

Pure remodeled. D. Bonco 234 S. Edwy.

There are undelivered messages at the Postal Telegraph-Cable office, No. 431 South Spring street, for F. H. Nonberry, C. W. Nibley, W. J. Kingsbury, Sam Hagins, Frank Humley, Mrs. S. J. Belding.

Between Third and Fourth Sts.
During July and August this store closes on Saturdays at 12:30 noon. Plan your week's end shopping accordingly.

Fancy Ribbons 25c Yard
Actually worth from 50c to \$1.00 yard
Heavy, fine pure silk ribbons in beautiful warp prints, Jacquards and brocades.
Nearly every color combination you can think of, besides, Roman and black and white stripes in a broad variety of good styles. The least expensive of these ribbons were 50c, but the majority were 75c, 85c and \$1.00 yard. Today for quick clearance we've marked them all 25c yd.
Main Floor.

Splendid Waists for \$2.75
The waists we show for the first time today at \$2.75 ought to satisfy any fashionable taste. They are fresh, new models of the lingerie type; just such styles as the coming fall season will show. And the materials and trimmings, if bought over the retail counter, would cost fully as much as we ask for the completed garment.
They are made of exceptionally fine white lawn, with fronts and backs elaborately trimmed with rows of fine tucks, embroidery and lace insertion; hands tastefully combined; collar and cuffs lined with Val. lace. We've never seen their equal under four dollars. All sizes, each \$2.75

Fourth Floor.

An Inside Player Piano Should Be in Every Home
In the home where there are no practiced pianists, a self-playing instrument should be placed. With a Sohmer-Cecilian, a Farrand-Cecilian, a Schumann, a Cecilian or a Bass Inside Player Piano, any member of the family can render any classical or popular selection desired—without any practice—merely put in a roll of perforated music and the instruments mentioned above are priced from \$500 up. Every purchaser of a Combination Piano is given the free use of our large library of music rolls. We invite you to come to the store today and listen to the splendid music that is made by the Sohmer Piano.

Free Cecilian Recital Today
Miss Ceciliere a contralto of exceptional voice, will be the soloist at this afternoon's free Cecilian Recital. Miss Ceciliere will be in a number of songs not given at previous recitals. You are cordially invited to attend. Take elevator to fifth floor. Recital at 4 o'clock.

Puri-Tan-ated Brand Coffee
The success of Puri-Tan-ated Brand Coffee is due to a legitimate reason, and there is no mystery about it.
We select from the finest imported coffees the beans which we carefully roast, and by a special machinery remove from every berry its impurities—the bitter, cellulose, herbal matter highly impregnated with a form of tannic acid.
This by-product equals 8 per cent. waste, and when ground up with the bean itself, deteriorates the true value of the beverage brewed by 30 per cent.

OLD JAVAS owned by the Dutch Government and stored in warehouses for years, were as harmful to drink as is Puri-Tan-ated Brand Coffee today. What nature did to Old Javas by a slow process, we now do to Puri-Tan-ated Brand Coffee by machinery.
The outside coating or herbal matter was allowed to decay and turn to dust, which was then quickly destroyed with heat contact in roasting.

PURI-TAN-ATED BRAND COFFEE
Only the inside or heart of the berry—the bitter matter having been eliminated.
We are therefore giving to the public today, a coffee that is as healthful to drink and in all ways as good as the ancient Javas, and can be drunk without any ill feelings or bad after-effects.
A whole grocery in 1-lb. cans, guaranteed.

Los Angeles Daily Times

FRIDAY MORNING, JULY 17, 1908.

California del Sur.
CITY AND COUNTRY.

On All Trains and Streets 5 CENTS.

BOOST HIGH ROADS BONDS.

University Residents Strong for Improvement.

Prospects of Fight, Though, on Pico Heights.

South Hollywood, Azusa and Long Beach in Line.

The University Improvement Association unanimously endorsed the good roads movement last night.
The Times representative visited Pico Heights yesterday and found the sentiment regarding the good roads movement much divided.
The South Hollywood Improvement Association last night adopted resolutions unconditionally endorsing the good roads movement and pledging support to the bonds.
The City Council of Long Beach yesterday passed a resolution to the effect that the interests of that city will best be served by every citizen voting in favor of the good roads bonds.
The City Council, Chamber of Commerce and Merchants' Association of Azusa yesterday adopted resolutions favoring the good roads movement.

Without a dissenting vote the University Improvement Association endorsed the good roads movement at an enthusiastic meeting last night in the chapel of the University of Southern California.

The movement was discussed in all its phases before any action was taken, and the members were given ample opportunity to inform themselves on all points concerning which they were in doubt.

Mr. Blanchard gave a clear and concise description of the work which the Highway Commission hopes to accomplish, illustrating his remarks with a chart, showing the course which all the proposed highways will take, and explaining how each district in the county will be benefited by the construction of the roadways.

"The Newhall grade," he said, "is one of the most dangerous pieces of roadway in Southern California. The incline is more than 22 per cent, and the overhanging walls of earth make the road a fearful one to the timid traveler."

"It is necessary to pass over the Newhall grade in order to get into the rich valley beyond. Bakersfield, which more and more is coming to look upon Los Angeles as its natural supply center, can be reached only by way of Newhall grade. In fact, that pass is practically the only entrance from the north into this beautiful valley."

"It is absolutely essential that we provide a ready means of entering and leaving the valley, and the comparatively moderate cost of digging the tunnel will be out of all proportion to the value which will be derived therefrom."

Mr. Blanchard then pointed out the ease with which any part of the country can be reached, not only from this city, but from every other city, according to the map laid out by the Highway Commission.

The address created general interest and for half an hour the speaker was kept busy answering questions and explaining knotty points.

DROMEDARY STIRS 'EM.
Councilman Dromedary began his address with the words:
"I am a dromedary. I will let Mr. Blanchard explain to you the plans which the Highway Commission has adopted and will confine myself to generalities. The road question has been a burning one for thousands of years. Every country of the civilized globe has realized the necessity for constructing highways, and thousands of years ago the roads of Europe and Asia took it up. The good roads policy is one that civilization settled long ago."

"Gentlemen, this is the richest section in the world. Our resources are practically limitless; our wealth is great and is daily growing greater. This is why we are here today."

"Take the Owens River proposition, for instance. The world looked on and wondered, but we put it through. To be sure, there were hinders; there always are when any public matter, big or little, is at stake. Some said that we could never carry the bonds in this world. We carried them, 10 to 1."

"Gentlemen, do you realize what that victory meant to us? It meant that our securities became recognized as preferred. Not one of those bonds failed to sell at a premium. The buyers sold them, in small lots, throughout this country and Europe. Think of the advertising which Los Angeles received therefrom."

"We must do the same with our road bonds. We must make the victory so complete that the Owens River record will be completely discounted. We can do it; it only requires work."

Times Branch Office Open Today

COUNTY'S BARS UP AGAINST I. H. MAYR.

Dread Argentine Ant Pest, which threatens northern crops. The Horticultural Commission says it cannot possibly enter Los Angeles county. This photograph is greatly enlarged.

IRIDOMYRMA HUMILIS MAYR.
This is the pest, the Argentine ant, which threatens northern crops. The Horticultural Commission says it cannot possibly enter Los Angeles county. This photograph is greatly enlarged.

tion. Every one is an industrious inspector and there are abundant officers to aid them. The Argentine ant cannot come here, he has never been here, he is not wanted even for experimental purposes, and he will not be tolerated if he comes."

Mr. Meserve said the commissioners have never been informed of even the suspected presence of the dreaded ant in the county.

The arrival of the ant was told at a meeting of entomologists on the college campus at Berkeley Tuesday afternoon. The professor identified the ant by his entomological name—*I. H. Mayr*—and by his Americanized name, "the Argentine ant."

The species was discovered in the New Orleans region in 1904, and investigation showed that the colonies were completely devastating in their progress, and that their propagation was a mathematical problem almost beyond comprehension. They are indiscriminate eaters and eat all vegetation and woods. The ant is less than one-eighth of an inch in length, but is restless in Louisiana, leaving no other ant in its wake. Sugar cane districts have been destroyed, and cotton plantations killed by it. The damage is estimated at millions.

There is also a theory that the Argentine ant protects certain plant life and scale that have aided its devastating career. The way to exterminate it has not yet been found by the Louisiana authorities.

Prof. Woodworth has certified his investigations to Gov. Gillett and State Horticultural Commissioner J. W. Jeffrey, and in addition the symposium of entomologists that met on the Berkeley campus adjourned in a body to the devastated region of East Oakland to see with its own eyes the work of the Government. It is to give immediate attention to it.

CHINATOWN DYING UNDER TIGHT LID.

The Los Angeles Chinese quarter, one of the most picturesque spots in Southern California, will be depopulated within six months unless the ban on fan tan playing and opium smoking is lifted. This is the conclusion of the men interested there who are in a position to know.

There are now less than 500 Chinese in the colony, according to the report of the authorities. That district, and this number is rapidly diminishing, it has dwindled from several thousand.

MUST EXPAND TO FILL NEST.

Stakes Set for the Greatest Y.M.C.A. on Earth.

Round-up of Volunteers for Hot Campaign.

Red Fires Will Be Lighted at New Building.

The preliminary work of the membership campaign in the Young Men's Christian Association will be fully inaugurated tonight at a round-up of the captains and their companies.

The work is under command of Victor S. Martin, membership secretary of the association, a vigorous, enthusiastic and resourceful young man. Mr. Martin served as a clerk in the office for one year, as assistant in the employment department for a year, and was then given the place he now holds. This campaign is his first real try-out, and it is anticipated that he will show himself an able commander.

The preliminary work for these ten companies will be to gather the names and addresses of all men eligible to membership. These names will be carefully grouped, indexed and assigned to the individual members best calculated to win them for the association, and to prevent their being approached by different canvassers.

When everything is ready the guns will boom, the red fires will be lighted, and the troops of canvassers will assault the highways and byways of the city, and great enthusiasm will mark the progress of the struggle between the rival companies.

It is designed to have everything "set and dry" by the first of August when Commander Martin will touch the button and set things humming. Before this is done it will be necessary to move into the new building, as there is no room, and absolutely no accommodation, in the cramped old quarters to conduct such a campaign. It is designed to secure from the lists furnished by the preliminary canvass, not less than 3500 new members. Such a result will place the local association well beyond the \$500 mark, and make it the greatest association in America by the time set for the public dedication of the new building, which is scheduled to take place on September 1. The captains and companies which will most tonight are as follows:

Captain, H. L. Kubly; H. Kubly, E. C. Sanders, R. L. Bagby, Howard Burrell, W. A. Kilus, K. L. Elderhood, J. C. Scott, C. R. Weeks, Frank Asman, H. R. Bawell.

Captain, Gideon Viverette; C. Thoburn, I. E. Haines, W. A. Davis, R. H. Allen, C. E. Berthoff, P. L. Chesbro, Karl Marks, G. W. McDill, J. E. McMiller, R. C. Paulsen, H. T. Hart, A. D. Tate, B. Zimner.

Captain, F. B. Critcher; James E. Brockway, R. L. Fielding, W. L. Hickum, D. E. H. Sweet, H. Pruden, W. H. Metzger, Emil Patterson, D. A. Schepman, H. O. Ward, W. F. Zeller, E. A. Clement, Don Fallis, Carl King, Harry N. Smith, John Achenbach.

Captain, R. M. Allan; B. F. Wayne, R. M. Ogil, A. E. Cummings, T. Hecker, R. A. Clifton, J. M. Ray, A. C. Wilson, W. J. Brandenburg, E. S. Ford.

Captain, John Torrey; E. B. Green, T. B. Reams, B. W. S. Allen, W. E. Beebe, John Channing, W. H. Schmitt, E. E. Squire, G. O. Squire, B. T. Story, E. E. Walker, H. O. Bower, F. L. Whomes, J. E. Starback, George W. Gidding.

Captain, W. A. Amend; C. J. Chambliss, L. T. Dab, W. F. Radtke, H. E. Staples, L. C. Thorp, Stanley Baker, L. Loud, B. H. Magdon, L. L. Perrine, Captain, R. F. Bostwick; George B. Thompson, C. L. Young, Fred Knox, E. Ewald, F. W. Goulding, W. E. Lincoln, R. Norberg, E. F. Robinson, R. S. Van Dusen, T. Wheeler.

Captain, Elliott Barrett; E. B. Stanley, R. R. Rankin, William Bailey, E. J. Seaman, E. A. Stabler, W. L. Thompson, C. L. Young, Fred Knox, E. Ewald, F. W. Goulding, W. E. Lincoln, R. Norberg, E. F. Robinson, R. S. Van Dusen, T. Wheeler.

Additional helpers: F. W. Lyon, Edna Watson, H. E. Weaver, W. D. McKee, George H. Howes, H. E. Wilkey, W. C. Lloyd, J. A. Floyd, E. A. Ober-schelp, R. B. Reed, William Duncan, S. Fliepa, F. E. Spencer, R. A. Apple, L. C. Bryant, A. Y. Kinney, J. A. Garth.

The same thorough system of organization followed that made the building fund campaign a success, the results of which are now seen in a magnificent building that will cost, when fully equipped, \$300,000. The present membership of 1700 is very creditable to any city the size of Los Angeles, but it will be necessary to build a great structure, which will accommodate 7000 members.

OIL INDUSTRY FAR NORTH.
Machinery to Be Shipped from Los Angeles to Alaska for Drilling There.
S. L. Lovell of Katalia, Alaska, has come to Los Angeles from the far north to purchase machinery for sinking oil wells in the famous Kayak district, near the mouth of Copper River. The lands about to be thoroughly developed border upon tidewater and as the oil seeps over the many acres prospecting. Although these seepages were known to the Russians over a century ago, Mr. Lovell says the first producing well in the Katalia country was not struck until 1904. Oil of paraffin base was struck at a depth of 388 feet. The first well was a gusher and is still producing. While the prospecting is going on for oil, coal classified as semi-bituminous was discovered. This was found on the Chilcat River, which the representatives of the government insist upon designating as Bering. The names Katalia, Kayak, Chilcat and Bering, when applied to the mining district or the coal or oil have reference to the same locality. Oil has already been found in seven wells, some of them attaining a depth of more than 1000 feet. With the discovery that is now being sent north an active campaign of development will be initiated and Col. Lovell says big things may be expected.

RED EXPECTED TO ACT CRAZY.

FIERY LETTER WRITTEN TO BE EXAMINED TODAY.

Socialist-Anarchist Mined up in Various Confessions Games, According to the Authorities, from "Last Day" Grafts to Requisition-Heir Jugglery—Dangerous Character.

Victor S. Martin, commander of the Y.M.C.A. membership recruiting corps.

THIN.
RED EXPECTED TO ACT CRAZY.

FIERY LETTER WRITTEN TO BE EXAMINED TODAY.

Socialist-Anarchist Mined up in Various Confessions Games, According to the Authorities, from "Last Day" Grafts to Requisition-Heir Jugglery—Dangerous Character.

Socialist-Anarchist Joseph H. N. Long, alias Miller, who has written threatening letters to Los Angeles business men, is expected to resign today when examined before United States Commissioner Williams today. If he is crazier, he has shown great "reason" in his madness. Federal officials say, for he has worked a number of confidence games on the public, according to information in the possession of the United States District Attorney's office.

It appears that Long carefully watched the columns of the papers for "lost dog" advertisements. He would write to a selected list of women grieving for their pets, stating that he would return the animal upon payment of \$1. Although the evidence may not be presented in the case, officers say they have secured a number of these epistles offering to return valuable dogs upon receipt of the money. Another dodge apparently being worked by the disciple of Emma Goldman was to pretend that he had information concerning heirs to valuable estates. It is believed that Long is being "spied" by corresponding with the representatives of estates in process of probate, and by endeavoring to inspire would-be heirs with the idea that he could help them win large bequests.

But as these alleged attempts at extortion are merely collateral to the issues involved in the complaint, the prosecution may not bring out the facts at today's hearing.

The Federal officials believe Long, alias Miller, and many other aliases, is a dangerous man, and is ready to commit almost any crime in order to obtain money. An effort is being made to secure a history of his career, and he may be connected with some of the dangerous rioters of Chicago, it is believed, before his case is finally concluded.

The specific charges against the red is writing letters to local business men, in which he threatened to burn their homes if they did not send him money. He boasted of his socialist sentiments, and directed that his mail be sent to Socialist (Howell) Hall, on South Main street, where rabid unionists, socialists and dangerous revolutionists hold forth. It is expected that local socialists will interest themselves in his behalf, for he says he is writing to the "red" men, who are, in his opinion, an outrage for the State to punish them for admitted violations of law.

GENERAL CLEAN-UP NOW.
Health Office Orders First Sanitary Campaign for Better City Conditions in the City.

Clean up your back yards or the health officer will get you. The first complaint for failure to obey the order of the health department for a general cleanup was issued late yesterday afternoon, when Miss J. L. Coleman a dressmaker of No. 1300 South Grand avenue, was charged with maintaining an unsanitary back yard. Assistant City Prosecutor Guy Eddy issued the complaint, and the warrant will be served this morning.

According to Health Inspector Harris the woman refused to have her premises cleaned up after he had called. When he called again and found that his order had been disregarded, Harris asked for the complaint.

This is the first time in the history of the present health department measures have been resorted to. Those who are directing the cleanup say they have met with the most courteous treatment in almost every instance.

That all possible danger of an epidemic may be avoided all trash piles, dirt and bits of all kinds must be gotten rid of. The health officers are searching every nook and cranny, and the fifth must fly.

WOODMAN CAMP ENTERTAINS.
Los Angeles Camp No. 402, Woodman of the World, entertained its members and friends last night. Dr. Henry Jacobowitz gave a lecture on hypnosis and kindred subjects and closed with a demonstration of his power. Several members of the camp were hypnotized and went through amusing antics to the evident delight of the audience. Mrs. Fielding, a member of the Laureate Circle, sang a solo and instrumental music was furnished by J. C. Marching and R. O. Lueden. A dance closed the program.
